As we cozy up to the warmth of holiday cheer, it's essential to extend our care to the digital hearth. Just as we tidy up the house for guests, let's do a quick check on our cyber hygiene. Brush off those old passwords, make sure your online doors are locked up tight, and keep things simple with your privacy settings.

May your holiday season be filled with joy, both in the real and digital realms.

# Cyber Hygiene

## Holiday Cyber Hygiene Checklist

Tis' the season to be secure! As we wrap our presents and decorate the tree, let's not forget to adorn our digital lives with the ornaments of cybersecurity. Our gift to you is a checklist that doubles as a guide to keeping your online presence merry and bright. Remember, cybersecurity isn't just for the elves at the North Pole – it's for all of us navigating the digital sleigh ride.

### Password Wonderland

- \* Update passwords to be stronger.
- \* Password Safety: Consider a Password Manager such as Bitwarden.

### Sleigh Bells and Software Updates

- \* Device Updates: Ensure all your devices have the latest updates installed.

### Twinkle, Twinkle, Two-Factor Authentication

- \* 2FA Magic: Enable two-factor authentication wherever possible.

### Emails – Naughty or Nice?

- \* Phishing Alert: Be on the lookout for suspicious emails.

### Santa's Social Media Secrets

- \* Privacy Check: Review privacy settings on social media platforms.

### Holiday Shopping Smarts

- \* Secure Sites: Ensure websites have <https://> or a lock icon preceding the address.

### Log off and Listen to the Carols

- \* Log out: When done using an account, click log out. It's like leaving the holiday party when the clock strikes midnight

In the midst of unwrapping physical gifts, let's also unwrap a bit of digital zen. Our Cyber Hygiene Checklist is like a chill playlist for your online peace of mind. No need for high-tech jargon; it's just a simple guide to ensure your digital doors are locked and your virtual windows are shut. Here's to a season of cozy online vibes and a worry-free digital celebration!
